

sulphur and iron

Sung to the tune of "Any ol' iron"

Sulphur and iron, sulphur and iron
Separate sulphur and iron.
Iron sinks, sulphur stinks!
That's not it so have another think.
Iron attracts to a magnet,
Yes, that's the answer!
I'm gonna need a magnet if I wanna separate my
sulphur and iron.
Sulphur and iron, sulphur and iron,
Bom diddly bom bom, bom BOM!!
